Built-in Fireplace
33" Slim Line Built-in Electric Firebox BFSL33

Classic fireplace charm and comfort with the simplicity of electric.

BF Series fireboxes solve design challenges, add exceptional value, and look great doing it. Their exceptional versatility means they can be installed virtually anywhere, especially in locations and buildings that are impossible for a combustion fireplace. And as with all Dimplex fireplaces, The BF Series offer realism that continues to set the bar in the industry and ensures that everyone – from the designer and contractor, to homeowner – is happy with the results.
Built-in Fireplace
33" Slim Line Built-in Electric Firebox

Features

- The Original Dimplex Flame Effect™: A blend of technology, artistry, and craftsmanship that sets the standard for realism.
- Patented Inner Glow Logs: Individually molded and hand-finished logs pulse and glow from within for the look of natural burning logs.
- Primary Heating: Option to use 240 volt supply for up to 9,200 BTU - use as part of primary heating plan.
- Three-stage Remote: Enjoy flames with half-heat, full-heat or flames only.
- Wired, Seamless Design: Designed for built-in installations wired directly to a dedicated circuit for a clean, custom appearance (Optional plug kit available).
- Reduces Liability: Ideal for public spaces in commercial installations; meets the strictest building codes.
- All-season Flames: Enjoy the unique charm of a fireplace 365 days a year using the flames without the heat.
- Economical: Economical to operate costing only pennies per hour.*
- Low Carbon Footprint: The most sustainable fireplace option; no emissions and 100% efficient.
- LED Lighting: Flame and lights use brilliant, low-energy LED's that require zero maintenance.
