

Step into the future of relaxation with the all-new Jacuzzi® J5™.

Crafted for those who demand the very best, the J5 delivers an immersive, multisensory experience unlike anything before. Its advanced features adapt seamlessly to you —personalized, intuitive, and effortless—so every soak feels like it was designed exclusively for your comfort and well-being.

1. Infrared

Easily activate the IR and Red Light therapy session using the ProTouch Plus™ interface.

2. Air Control Switches

Use one of these four switches to turn the therapy jet air on or off in the seat closest to the switch.

3. Water Diverters

These diverters are conveniently located just below the waterline. Turn them to increase the flow of the hydromassage in your favorite seat.

4. Waterfall Control

Turn the waterfalls on or off using the dials located within easy reach from the front seats.

5. ProTouch™ Plus

This 7" advanced control is the centre for all of your spa features and programming.
