

# ZERO-CLEARANCE ELECTRIC INSERT

Shown with 36" surround in optional White Heritage Cabinet

## ADD A BEAUTIFUL FIREPLACE TO YOUR HOME

The Gallery Linear Built-In is a fully recessed electric fireplace insert. With efficient LED lighting display, this fireplace costs just cents to operate. Standard 1450 watt heater can be used to take the chill out of the room. Great for new construction or remodeling. Fits into existing factory built fireplaces with lower overall installed height.

### FEATURES:

- LED flame, log, ember bed, and background lighting
- 1450 watt heater—100% efficient
- Full feature remote control thermostat
- Operates on standard 120 volt plug in
- CSA tested and approved for safety
